**WWW.BTRPC.COM**

*For those of you who may not have heard, one of our past officers, and long time members and supporter of the club, and what is stood for, Jerry Butler has passed away. Rest in peace Jerry, you will be missed!*

Reminder: Range Safety Rule #3

This rule is very important in plain English it says; Set your target in front of the dirt berms running across the line of fire so that your bullets that pass through the target are captured by the berm instead of being allowed to ricochet and leave our property. Do not set targets on top of the berms or in the flat part of the range. We do not have enough insurance to protect us from the potential hazards of sending a bullet flying off of our property. Also, Please, everyone, pick up at least one more piece of trash than you made while using the range, and properly dispose of it. It is our range KEEP IT CLEAN!

It has been brought to the boards attention that some members , their guests and family members are not following club rules.

When the range is called "cold" ALL FIREARMS WILL BE PUT IN THE RACK AND UNLOADED. HAND GUNS WILL BE PLACED ON THE RACKS BEHIND THE FIREING LINE. NO EXCEPTIONS.
