"In still hunting, swear yourself black in the face never to shoot at a dim moving object in the woods for a deer, unless you have seen it for a deer. In these days there are quite as many hunters as deer in the woods; and it is a heavy, wearisome job to pack a dead or wounded man ten or twelve miles out to a clearing, let alone that it spoils the pleasure of the hunt, *and is apt to raise hard feelings among his relatives.*" – *WOODCRAFT* by "Nessmuk", George Washington Sears

SAFETY REMINDER – When the range is cold for any reason all firearms must be cleared, safe and racked.

SECURITY ISSUE - Please close and lock the gate behind you both coming and going. Each member is responsible for their own guests and they should arrive and leave with the hosting member.

COURTESY ISSUE - If you bring your dog to the range and he/she does not use the porta-potty clean up after them! Nobody, and I'm pretty sure this does include dog owners, likes to step in dog scat.

BTRPC THANK YOU to Howard Steel for the great re-bar target stands he made for the range.

BTRPC THANK YOU to Mark Cummiskey for the rebuilt lawn mower he donated to the club.

PRP Private Security will now be providing security patrols of the range.

PISTOL RANGE UPDATE – Almost complete, the roof is on. Some painting has been done and the shooting bench has been started. **BTRPC owes most of the progress to Jim Patrick and his guys from Dolphin Construction – Thanks Jim.**

Help take care of the range. On the rifle and pistol range, after you are done shooting **please** recover your targets and target stands. If the target stand is no longer serviceable put the wood and debris on the burn pile or in a trash barrel. On the pistol range after you are done shooting if there is a noticeable impact furrow in the gravel fill it back in. We will re-compact the pistol range this fall after a couple of rains settle the gravel but in the mean time please fill in the furrows.

What do you think? We need to plan for the next grant, or grants. Options discussed so far are; parking improvements, the carbine range (next to the pistol range – same type of building) and finishing the electrical.
