

BIG TIMBER

RIFLE AND PISTOL CLUB

June 2018

www.btrpc.com

Excerpt taken from the Ceasefire Oregon blog, 2 May 2018 –

Penny Okamoto, Executive Director of Ceasefire Oregon

Thank you to the one hundred and ten people who turned out last night at Augustana Lutheran Church in Portland to learn how to gather signatures for IP 43! We are still hoping to be able to begin signature gathering in the last part of June. But signatures are due July 6 so we need to be organized and trained!

Banning the future sale and transfer of assault weapons and high-capacity magazines is one of the best things we can do to remove these weapons of war from our communities and to stop mass shootings.

It's time our country put the lives of Americans ahead of the profits reaped by the gun lobby from these obscene weapons of war. Thanks for making this happen!

Best wishes, Penny

BELOW ARE THE CURRENT OFFICIAL CAPTIONS, SUMMARIES and RESULTS of a YES/NO VOTE

IP43 Caption: Prohibits “Assault Weapons” (Defined), “Large Capacity Magazines” (Defined), Unless Registered With State Police. Criminal Penalties.

Summary: Measure prohibits “assault weapons” (defined), “large capacity magazines” (defined), unless registered with State Police after background check. Criminal penalties. “Assault weapons” definition includes:

- Semiautomatic rifles with detachable magazine and certain additional features;
- “Semiautomatic, centerfire or rimfire rifles,” or semiautomatic pistol, capable of holding more than ten bullets with fixed magazine;
- Semiautomatic centerfire rifles under thirty inches;
- Semiautomatic handguns with certain additional features;
- Semiautomatic shotguns with certain additional features;
- Shotguns with revolving cylinders.

“Large capacity magazines” defined as capable of holding over 10 rounds, excluding tubular magazines in .22 caliber or lever-action firearms.

Covered items not registered must be sold/ surrendered/ destroyed. State Police must maintain registry. Acquisition mostly prohibited after effective date, January 1, 2019. Measure may limit uses of covered items.

Result of “Yes” Vote: “Yes” vote prohibits “assault weapons” (defined), “large capacity magazines” (defined), unless registered with State Police after background check. **Criminal penalties. State Police must maintain registry.**

Result of “No” Vote: “No” vote retains current laws, which bar possession of firearms by certain individuals, including convicted felons, some civilly committed persons, domestic abusers, other disqualified persons effective date of the measure. Finally, the measure specifies locations where registered firearms may be taken or held, which may limit the lawful uses of these firearms.

IP 44 Caption: Requires firearms be locked during storage/transfer, loss reported, minors' use supervised; imposes penalties/liabilities

Summary: Requires firearm owner/possessor to secure it with trigger or cable lock, or in locked container when not carried by owner/possessor; must transfer firearm with trigger or cable lock, or in locked container; must report theft or loss of firearm to law enforcement within 24 hours; person transferring firearm to minor must directly supervise minor's firearm use. Failure to comply with requirements treated as a violation (not a crime). Person failing to comply with requirements is "strictly liable" if injury to person/property results within five years from failure to comply; liability does not apply if injury results from self- defense or defense of another. Attorney General to adopt specifications for trigger locks, cable locks, firearm containers. Defines "firearm," "transfer," other terms. Other provisions.

Result of "Yes" Vote: "Yes" vote requires firearms be locked during storage/transfer, loss/theft reported, minors' use supervised. Penalties; "strictly liable" for injuries resulting within five years.

Result of "No" Vote: "No" vote retains current laws regulating firearm transfer/possession, limiting minors' use; no locks or reporting loss/theft required; maintains negligence liability standard for injuries.

- They really do want to take or register our guns and impose harsh penalties for non-compliance. If you think they will stop at AR's you need to look at Oregon's recent gun legislation history and proposed legislation from some of the state representatives.

- My suspicion is they will eventually go after Oregon's preemption law. Portland Mayor Ted Wheeler said, "I am going to Salem during the legislative session and I am going to ask the governor and the legislature to lift the preemption laws in Oregon," - Kellee Azar, KATU News Friday, April 20th 2018

"2017 ORS 166.170': State preemption

(1) Except as expressly authorized by state statute, the authority to regulate in any matter whatsoever the sale, acquisition, transfer, ownership, possession, storage, transportation or use of firearms or any element relating to firearms and components thereof, including ammunition, is vested solely in the Legislative Assembly.

(2) Except as expressly authorized by state statute, no county, city or other municipal corporation or district may enact civil or criminal ordinances, including but not limited to zoning ordinances, to regulate, restrict or prohibit the sale, acquisition, transfer, ownership, possession, storage, transportation or use of firearms or any element relating to firearms and components thereof, including ammunition. Ordinances that are contrary to this subsection are void. [1995 s.s. c.1 §1]

JUNE ELECTIONS – The June meeting is Board member elections. You can submit nominations to any Board member and at the June meeting. You must be present at the June meeting to vote.

IT'S DUES MONTH!!!, you should be getting your renewal form in the mail. Paying on time sure helps us figure out the range improvements budget.

BACON SHOOT – This years participation was a little low with only 14 people showing up. There was plenty of Bacon to go around.

RIMFIRE CHALLENGE – There has been a decrease in participation lately – the May shoot only two people showed up, John and Bill, and they're the ones who set up. So...if participation doesn't increase they'll go fishing instead.

SUMMERFEST Raffle - This years gun is a pre-owned, never fired, Savage Model 111 in .300 WIN MAG. It has a synthetic, camo stock and comes with a Bushnell 3x9 scope, bipod, sling and case. Wes (Wesley's Trading Post) picked it up on a good deal and passed it along to us at his cost. **THANKS, Wes**

Rifle Range Roof – It was decided at the May meeting that even though the FNRA Grant money didn't cover the cost of replacing all of the rifle range roof, the Club would look at the possibility of replacing all of the roof. Stay tuned for more info. John is working on scheduling and logistics.

WAYNE - is still in Portland. Bill Henderson reports Wayne is looking good and improving. He will have to have another surgery. probably mid-summer. Keep him in your thoughts and prayers.
